West Bay Club to Open Two Restaurants

Jan 16, 2014

West Bay Club, a Grace Bay Resort has introduced two culinary offerings: Noodle Bar + Kitchen and Stix.

Launching early this year as Noodle Bar + Kitchen, the Atlantic Bar & Grill was re-conceptualized both in design and in food and beverage offerings. Additional seating and a newly renovated outdoor space allow the restaurant to accommodate up to 80 guests.

Similar to its original outpost at Grace Bay Club in 2012, Stix on West Bay features a 30-foot-long communal table with colorful stools directly on the beach. Caribbean music and subtle lighting set the mood.

“The second installment of the Stix popup and the introduction of an entirely new noodle and pasta concept are further testaments to how we are constantly seeking ways to provide our guests with new, exciting reasons to return to Turks & Caicos,” says Nikheel Advani, COO and principal of Grace Bay Resorts.
