Crafty Summer Cocktails Plus a Summer Spotify Playlist!

May 24, 2013 @ 4:10 pm

Nothing says summer like turning on your favorite song at sunset and clinking glasses with good friends. We asked top chefs and bartenders from hotspots around the country to give us a sneak peek at their signature summer cocktails *and* give us the step-by-step so we can recreate them at home. They also filled us in on their favorite summer tunes and we created a Spotify playlist to inspire you. From margaritas to mojitos, there is something for everyone and they look as good as they taste. Scroll down to see our playlist, then click the image to see each of the cocktail recipes now. Cheers to a happy summer!
